Case Name: Unimatic

Case #: E85407

RE: General info on the status of the case.

Bill Parry left a voice mail for me on June 23 and I left 2 voice mail messages with his office and on June 28 Mr. Parry called me.

Mr. Parry's client is the Hartford Insurance Co. and he is looking for a status of NJDEP's review of the report. The Hartford is paying for part of the cleanup and he needs to contact the Hartford with a status of the NJDEP's review.

I told Mr. Parry that the case will be under review, it is on my priority list, however, I have not reviewed the case. I was out of the office on training for three days and that slowed my response time to review to the case but I will review the case during the month of July.
